

Office Memorandum • UNITED STATES GOVERNMENT  
25X1A

TO : Mr.

DATE: 5 May 1951

FROM : Mr.

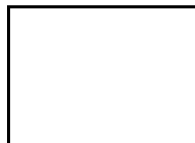

SUBJECT: Problems Concerning Dependents of Officers or Employees.

For your consideration in connection with over-all Agency problems, there arises from time to time problems concerning the dependents of officers or employees proceeding to foreign areas. Ofttimes illnesses of a physical, mental or emotional nature erupt within a short period after the arrival of the family at the overseas area.

Query: Would it not be proper for Medical or I&SS to enlarge the scope of their respective assessments to safeguard against cases of this type which usually terminate as a hardship proposition?
